CONFERENCE 2024

STEVE HELLER
DIRECTOR OF MEN IN HD

During this year, I keep coming back to the phrase “In This Moment”. I think about the thief on the Cross and when he had a conversation with Jesus who was suffering the same death, was moved to ask if he could join him in Heaven. In that moment, the thief realized that he needed to be with Jesus. This same mindset needs to permeate every action and thought when I walk in step with the Master. It means in each moment; I have to fight for my joy. It is from that love for God and what He did for me on the Cross that should motivate me to love on others. Our weekend together in September is going to be a powerful weekend of messages and music and testimonies that will speak to placing the stake in the ground. We are excited that you are interested in attending. If you know a prior guest, you will learn that the weekend moves quickly and impactfully. Lives are changed, decisions are made, and men are inspired to go back home and be the Man that truly is in His Design.”

CAPITAL CITY BAPTIST CHURCH
KEN CAMPBELL

“There is probably no better event to where our men at Capital City Baptist Church can go and be connected to other men not only at our church, but churches in our area. The speakers are always top quality and the venues unrivaled. Woodleaf is one of the best conference centers in Northern California. This is a great opportunity to walk with them as they process the messages and ask questions about Christ. This event sells out each year, so sign up early.”

FEATURING

DREW SODESTROM
PASTOR OF VINTAGE GRACE CHURCH
EL DORADO HILLS, CA

Drew and his wife Jen have a passion for planting churches. When asked to leave his pastorate at Richfield Covenant Church in Yorba Linda, California and his teaching position at Biola University to go start a church in El Dorado Hills. The first answer was no. Drew was living the dream job, speaking at conferences and was being used by God. But in his 7 years of ministry at RCC, Drew saw God work in amazing ways through a community of faith that believed there was more joy in Jesus than anything else the world had to offer and was committed to pursuing Him and that joy above all else. His life was transformed, and he was happier than he had ever been - in Christ!

Then it clicked, he wanted to see joy-filled communities for others. Life has not always been smooth. Four of the seven years that Drew and Jen spent in Orange County dealt with their son having cancer. By God’s design, his son lived and Drew and Jen are the proud parents of 3 amazing kids. Having just celebrated 10 years of leading Vintage Grace Church in El Dorado Hills grow from a home, to a junior high school, to buying a church property to expanding the campus to manage the growth that was occurring in El Dorado Hills.

I am excited to come and Speak at the Men in His Design Conference in September. God will do great things, and may you and a friend walk away learning what it means to have more JOY IN JESUS than ever before.
